## Working from Home

### Key Facts about this course:

- Registered Name: Remote Working
- Estimated duration 4 Hours.
- This course is accredited and endorsed by various Professional Organisations..
- Entry requirements: Good understanding of English. Internet connectivity

### Purpose

Working from home is now a necessity, especially within the context of the Covid-19 pandemic. Team members usually tend to focus on the constraints and risks generated by this way of working, overlooking all the new opportunities inherent in the employment model. The ultimate question is: How do I adapt to remote working?

### Objectives

People completing this course will understand how to:

- (1) Understand the challenges of remote working
- (2) Comprehend the risks and use the opportunities inherent in working from home
- (3) Develop the right mind-set to make working from home a success
